Georgia Aquarium

Now is the perfect time to experience the world's largest aquarium and one of the outstanding Atlanta attractions! With eight million gallons of fresh and marine water and more aquatic life than found in any other aquarium, you are sure to see things you have never seen before!

The outside of the building was designed to look like a giant ship breaking through a wave. Inside there is a choice of entering 5 different galleries with 60 exhibits behind more than 12,000 square feet of viewing windows.

The largest exhibit was designed to house whale sharks with tens of thousands of other animals that typically live along a coral reef in the open ocean.

The World of Coca-Cola

The World of Coca-Cola is the only place where visitors can explore the complete story—past, present and future—of the world's best-known brand! For over 120 years, Coca-Cola has been putting their secret formula into bottles. Now, they've put it all in one amazing place—the World of Coca-Cola.

The World of Coca-Cola features more than 1,200 artifacts from around the world that have never been displayed to the public before. In fact, only about 50 artifacts from the previous World of Coca-Cola will be showcased at the World of Coca-Cola.

A visit of the entire facility lasts an average of 90 minutes. Around every corner you'll experience something new and inviting. You will see great new interactive exhibits such as a thrilling, multi-sensory 4-D movie and a fully functioning bottling line. You can even meet the 7-foot polar bear! And of course, a World of Coca-Cola favorite—the tasting experience, will provide visitors with a refreshing opportunity to sample over 60 different products from around the world. All this and much more make the World of Coca-Cola a unique and must-see Atlanta experience!

The Atlanta History Center

The Atlanta History Center is one of the Southeast's largest history museums including many objects dating from the early 19th century. It is located on 33 acres in the heart of Atlanta's Buckhead and is the site of two historic houses, the Swan House and the Tullie Smith House, illustrating over a century of Atlanta's history. A series of gardens unique in both design and horticultural items can also be enjoyed on a visit to the center. Visit www.atlantahistorycenter.com for a full description and highlights of the museum.

During our tour we will dine at the historic Swan Coach House and have time to relax before visiting the lovely Swan House, built in the 1920's in the classic Italian style and furnished in priceless antiques.

Special pricing for groups of 10 or more:
\$83 per person includes admission to museum, historic homes, lunch at the Swan Coach House, and transportation.
