Economics of the Pulp and Paper Industry
Edited by Magnus Diesen

1998, 186 pages, hard cover
Item Number: 0202FIN01
ISBN: 9525216012

Volume 1 of the *Papermaking Science and Technology Series*, published by TAPPI and the Finnish Engineers' Association. This volume provides a global perspective on economic issues that affect the pulp and paper industry, focusing on the following issues:

- information on forest industry raw material resources, markets, industry structure and worldwide strategies
- methods for evaluating economic consequences of decisions made in pulp and paper mills
- methods for analyzing and comparing the profitability and competitiveness of the forest industries in different countries
- methods for analyzing alternative investment options using different criteria for selecting the best options in a given situation

TABLE OF CONTENTS

1. Main characteristics of the global forest industry 10

2. Impact of the forest industry on the economy of Finland 21

3. Raw material resources – wood supply 30

4. Raw material resources – secondary fiber supply 48

5. World paper markets 61

6. Structure of the global forest industry and main suppliers in the mid 1990s 77

7. Cost structure and management accounting 102

8. Investment decision 127

9. Economy of scale 141

10. Economy of integration 152

11. The impact of currency exchange rates on competitiveness 160

INDEX

A
Acquisitions…… 91-94,96,98

C
Competitiveness……128-192,133-136
Concentration……13,77-78,87,90,91,96
Cost structure……102,117,122
Currency fluctuations……162,164
Currency hedging……170-171

D
Devaluation……62-163,165,168
Drain……24

E
Economy……147
Economy of scale……141-142,144-149
Exchange rate variations…… 160,165,169-170
……172
Exports……22,23-24,27

F
Financial integration……152
Financial results……97
Finland……21-27

Forest area……32,35,37,39,41-45
Forest increment……24
Forest industry structure……78

G
Growth……10-11,14-18

H
Horizontal integration……152

I
Investment decision……127-130,136
Investment level……103,108,113
Investment rate……14
Investments……25,26

M
Main producers……87-90,94,96
Mergers……91-96,98
Minimills……147

O
Opportunities……15

P
Paper market……61
Price trends……69-71
Production volumes……21-23
Profitability……103-104,106-108,111,113
……117,119,121-123

R
Recovery rate……49,52-55,57
Revaluation……162-163,168
Risks……127,136

S
Scandinavia……30,41
Shareholder value……108-110,118

T
Threats……16

V
Value based management……110,118
Vertical integration……152-154,157

W
Wood costs……31-32,36-37,41,44
