

Packaging and Transportation Forensics: Reducing Risk and Liability

TABLE OF CONTENTS

Preface

Chapter 1. Introduction

Chapter 2. Packaging, Transportation, and Material-Handling Terminology

- Example 1: Reusable Package (Citizen Watch Co. v. United States)
- Example 2: Air-Tight Packaging (Sensient Flavors v. United States)
- Example 3: Plastic Bottles for Kids' Bubble Bath Shaped as Sesame Street Characters (Minnetonka Brands v. United States)
- Example 4: Thermoformed Plastic Clamshell for Grapes (Tradewind Farms v. United States)

References

Chapter 3. Product Liability

- Case 1: Theresa Witten v. Masterfoods
- Case 2: Alexander v. Del Monte
- Case 3: Spills and Accidents on Individuals Handling Hazardous Liquids in Household Cleaners

References

Chapter 4. Personal Injury

- Negligence
- Foreseeable Risk
- Gross Negligence and Punitive Damages
- Example of a Jury Award for Personal Injury Case
- Partial Fault by Plaintiff

Chapter 5. Intellectual Property

- Terminology
- References

Chapter 6. Labels, Pictorial Markings and Warnings on Packaging

- Package Functions
- Distribution Packaging Test Methods
- Precautionary Labeling
- ANSI Z129.1
- NFPA 704

- HMIS
- DOT
- FDA Labels
- Poison Prevention Packaging Act (PPPA)
- EPA for Packaging of Drugs and Chemicals
- Marketing Labels
- Conclusions
- References

Chapter 7. Branding, Design, Shape, Color, and Marketing

- Power of Innovation and Intellectual Property
- Communication, Brand Identity, and Marketing of Packages
- Attributes of Color
- Comparison of Color on Same Packages
- Materials and Methods
- Results and Discussion
- References

Chapter 8. Loading and Unloading of Trucks, Rail, Ships and Aircraft

- Standards for Truck Shipments
- Regulations for Truck Shipments
- Loading and Securement Methods for Rail Shipments
- Review of Loaded Trailers with Mixed Freight
- Reducing Damage during Transportation using Load Securement Methods
- Regulations and Procedures for Shipping Hazardous Materials
- Specifications for Corrugated Boxes
- Intermodal Shipments
- Conclusions
- References
- Websites

Chapter 9. Transportation Laws and Regulations

- CFR 49: Transportation
- Federal Motor Carrier Safety Regulations
- Applicability of the New Rules
- Performance Criteria
- Requirements for Securement Devices
- General Rule
- Cargo Placement and Restraint
- Association of American Railroads

Chapter 10. Tamper-Evident Packaging, Child-Resistant Packaging, and Package Accessibility

- References

Chapter 11. Environmental Protection Packaging Laws

- Regulations and Legislation
- Solid Waste Disposal
- Recycling and Recycled Content
- Bans or Restrictions
- Environmental Advertising and Labeling
- Specifications
- Practices
- Test Methods
- Conditions
- Sustainable Packaging
- ISO Standards on Packaging and Environment
- Conclusions
- References

Chapter 12. Expert Reports

- Expert Report 1
- Expert Report 2
- Expert Report 3
- Expert Report 4
- Expert Report 5
- Expert Report 6
