AND TECHNOLOGY**
TONS OF MACHINERY AND EQUIPMENT
UNLIMITED OPPORTUNITIES

**THE WORLD SHOW FOR
THE CORRUGATED WORLD**

September 22-26, 2008

Georgia World Congress Center
Atlanta, Georgia USA

SuperCorrExpo is the largest exposition in the western hemisphere dedicated to corrugated packaging machinery and innovation. The industry's leading suppliers use the SuperCorrExpo exhibit floor as a launching ground for their latest innovations and newest products and technologies.

This September the corrugated world will once again converge on the Georgia World Congress Center with over 120,000 sq.ft. of the latest corrugated innovation and technology brought to you by over 250 of the industry's leading suppliers from around the world.

SuperCorrExpo 2008 also provides a networking opportunity that over 8,000 of the industry's most experienced and influential will take part in. It's been four years since most converters have had the opportunity to see this much technology, innovation and machinery under one roof at the same time.

Miss this chance and it'll be another four years and that's a long head-start for your competition.

For exhibition, hotel, travel and registration information visit www.supercorrexpo.com

Fuel your Passion for Productivity

CORRUGATED PACKAGING CONFERENCE

September 22-24, 2008

Georgia World Congress Center
Atlanta, Georgia USA

KEYNOTE ADDRESS

James Hannan, CEO and President
Georgia Pacific Corporation

SESSION FOCUS

MONDAY

How does Sustainability
Affect your Box Plant?

Speakers

Roger Poteet, Poteet Printing

Andrew Pierson, Mid-Atlantic Packaging

One of the hottest issues currently facing corrugated converters. Monday's sessions will look at how sustainability mandates handed down by customers, retailers and corporate offices can impact everything from daily operations to materials and new machinery purchases, to maintenance programs. We'll also address what you can do to smooth the transition from old habits to sustainable practices.

TUESDAY

Saving Energy, Today,
Tomorrow, and in the Future

Sky rocketing energy costs have the attention of everyone whether it's at the pumps or at the plant. Tuesday's session explores energy savings and what can be done today, tomorrow and to plan for the future. We'll look at **immediate solutions**, simple ideas for reducing monthly energy costs, **mid-term solutions** such as capital investments and process changes and take a glance at developing technologies in energy sources and alternative fuels for **future solutions**.

WEDNESDAY

Equipment, Buying,
Installing and Commissioning
for Rapid ROI

Speakers

Craig Garbarini, Garbarini Corrugated
Consulting, LLC

Dean Mitchell

As soon as the power goes on you need to start making money. Wednesday's session focuses on installing and commissioning new equipment. Is a flawless installation possible and how can you plan, prepare and execute installation to rapidly reach expected ROI, productivity and quality levels? Production managers, supervisors, project managers and other key individuals in the commissioning process will find this an important information packed session with great take-away value.

Important: This session is included with the AICC Annual Meeting registration and AICC meeting attendees are encouraged to attend.

Sustain the Independent Passion

2008 ANNUAL MEETING

September 24-26, 2008

Georgia World Congress Center

Atlanta, Georgia USA

OPTIONAL OFF-SITE EVENT

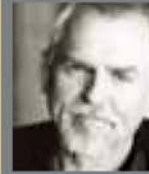

Thursday, September 25th 1:30 pm – 5:00 pm

The **New** World of Coca-Cola and "Inside CNN Atlanta." Twice the size of the original, at the **New** World of Coca-Cola you'll experience everything that's "The Real Thing" from a thrilling 4D cinematic experience to a chance to sample over 70 Coca-Cola products. Then it's off to CNN Center for the "Inside CNN Atlanta" a behind the scenes tour at the world's largest news operation. The tour includes more than \$5.5 million in recent additions and upgrades, transforming the tour into a new experience for first time or returning guests.

The AICC 2008 Annual Meeting will help you "Sustain the Independent Passion," with three full days of workshops, eye-openers, general sessions and the SuperCorrExpo 2008 Corrugated Machinery Show. We'll focus on creating a sustainable business, and how that will benefit your company and your customers. We'll look at trends in the corrugated business, hearing from key industry players and major corrugated users. We'll also look at our political and economic landscape, with an emphasis on rebuilding our North American manufacturing base and how the 2008 presidential election will address these issues. All this and more at AICC's 2008 Annual Meeting, September 24-26, at the Omni Hotel, in conjunction with SuperCorrExpo 2008.

KEYNOTE AND INDUSTRY SPEAKERS

THURSDAY, SEPTEMBER 25th

John Ratzenberger, *(invited)*
Actor, host of the Travel Channel series *John Ratzenberger's*

Made in America and

co-author of *We've Got it Made in America: A Common Man's Salute to an Uncommon Country*.

Lou Sardella, Founder and Chairman of Sun Automation Group and recipient of over 17 patents for inventions that have enhanced the quality and productivity of the box making process.

FRIDAY, SEPTEMBER 26th

John Kasich, Former Congressman, current host of *The Heartland with John Kasich* and author of *Courage*

is Contagious and *Stand for Something: The Battle for America's Soul*.

Ben Pratt, Senior Vice President, Market Based Management at Georgia Pacific/Koch Industries.

Scott Vitters, Director of Sustainable Packaging, The Coca-Cola Company – is responsible for the company's Global Sustainable Packaging Platform and ensuring its execution in North America.

Additional Sessions

TRAINING SESSIONS

These sessions require separate registration. Visit the appropriate website www.aiccbbox.org/education or www.tappi.org to register for these sessions. Both sessions include free entry to SuperCorrExpo® 2008.

AICC PRODUCTION MANAGERS' FORUM

September 24-26, 2008

Georgia World Congress Center

WEDNESDAY, SEPTEMBER 24th 8:00 am – 11:00 am

General Session: Buying the right equipment for the application, financial considerations, installation and commissioning the equipment to rapidly reach projected ROI, quality and productivity levels.

Facilitators: Craig Garbarini and Dean Mitchell

THURSDAY, SEPTEMBER 25th 8:00 am – 12:00 noon

Forum Session: The program provides an opportunity for Production Managers to meet with a group of their peers to exchange ideas and work together on challenges facing them back at their own plants.

Facilitator: Dean Mitchell

FRIDAY, SEPTEMBER 26th 8:00 am – 11:00 am

AICC General Session

TAPPI LEAN MANUFACTURING: MACHINE CALIBRATION AND TOOLING COURSE

September 20-21, 2008

Georgia World Congress Center

Dick Target of "On Target Consultants" presents this intense, interactive, information packed two day continuing education course. The session's focus will be on improving and streamlining your manufacturing process by eliminating guesswork and concentrating on methods and techniques proven to enhance the efficiency of diecutter and flexo folder-gluer calibration, set-up and operation. Topics will include zeroing the gear train, the "Time & Register" process, centerlining and ink management. Outlining and implementing a successful 5-S program, identifying tools for effective waste reduction, one box set-up and much more will also be covered.
