

TABLE OF CONTENTS

Introduction	6
The Authors	12
Technidyne Corporation	15
CHAPTER 1 - The Human Observer	16
Physical Factors	18
Summary - The Human Observer	21
CHAPTER 2 - The Physics of Light	22
Difference Between UV Level (Source) and Illuminant	29
Spectrophotometric Curves	30
Summary - The Physics of Light	33
CHAPTER 3 - Color Measurement	34
Colorimeters and Spectrophotometers	37
Color Systems	39
CIE Dominant Wavelength, Purity and Luminosity	40
Hunter L, a, b	44
CIE $L^*a^*b^*$	44
CIE L^*C^*h	44
Color Difference	45
CMC Color Difference Formula	46
Metamerism	47
Acceptability vs. Perceptibility	49
Color Tolerance	51
Summary - Whiteness, Yellowness and Tint	56
CHAPTER 4 - Brightness	58
The Reflectance of Blue Light	59
Objectives	60
Geometry	61
Photometry	67

TABLE OF CONTENTS

	Spectral Response	67
	Summary - Fluorescence	70
CHAPTER 5 -	Whiteness, Tint and Yellowness	72
	Whiteness Index	73
	CIE Whiteness and Tint	74
	Yellowness Index	75
	Summary - Fluorescence	76
CHAPTER 6 -	Fluorescence	77
	Summary - Fluorescence	86
CHAPTER 7 -	Opacity	88
	Geometric, Photometric and Spectral Aspects of Opacity	89
	Scattering and Absorption	92
	Transparency	95
	Summary - Opacity	96
CHAPTER 8 -	Gloss	98
	Convergence-Beam vs. Parallel-Beam	101
	Summary - Gloss	103
CHAPTER 9 -	Residual Ink	104
	Summary - Residual Ink	107
CHAPTER 10 -	Precision and Accuracy	108
	Summary - Residual Ink	110
CHAPTER 11 -	Densitometry	111
	Summary - Densitometry	114
CHAPTER 12 -	Calibration Standards	115
	Directional (TAPPI/GE) Brightness Standards	116
	Diffuse Brightness Standards	119
	TAPPI Opacity Standards	120

TABLE OF CONTENTS

Diffuse Opacity Standards	120
Color Standards	120
ISO Standards	121
75° and 20° Gloss Standards	121
Fluorescence Standards	121
Technidyne Optical Standards	121
Summary - Calibration Standards	124
CHAPTER 13 - Technical Information Bulletins	125
CHAPTER 14 - Technidyne Instruments for the Pulp and Paper Industry	128
Summary	142
CHAPTER 15 - How to Evaluate Optical Testing Instrumentation	144
GLOSSARY	146
