

TAPPI **STUDENT SUMMIT**

JANUARY 12-15, 2024 • GREENVILLE, SC

INTERVIEW AND SPONSORSHIP PROSPECTUS

JANUARY 12-15, 2024 • GREENVILLE, SC

Take your recruiting efforts to the next level with participation in the industry's leading student event.

The TAPPI-PIMA Student Summit is designed for students interested in the pulp, paper, packaging and allied industries. The Summit offers students direct interaction and interviews, as well as the opportunity to gain valuable information about career development, all while interacting with their peers across the country.

Why should your company be a supporter?

Save on recruiting and meet the best students.

At no other venue can you find as many paper and packaging engineering students assembled from different programs with diverse levels of skill and education.

As an interviewing sponsor, you will receive access to student resumes ahead of the event, affording you the chance to schedule interviews with your top candidates.

Maximize your exposure to the candidate pool.

Student Summit puts your company in front of an audience of the best and brightest students. Even if you're not currently hiring, Student Summit sponsorships give your company plenty of opportunities to connect your brand with the future leaders of the industry.

Students in participating pulp and paper programs entertain at least five serious job offers upon graduation. TAPPI-PIMA Student Summit can help make sure your company makes the cut.

"It's an amazing opportunity to get to interact with people from other schools. You also have a lot of industry support at the Summit. You get to talk to 10 to 15 different companies all in one place. It's a fantastic environment, a networking community, and you get to see how the entire paper industry is one big happy family."

"There's so much to learn and that's really what drew me to the Student Summit. It's the ability to learn from different people and the fact that there's going to be so many different companies that you can connect with and really fall in love with knowing what their main goal is and learning from the other TAPPI people."

"I chose to come to Student Summit first because of the networking opportunities. The pulp and paper industry is so tight knit and just having those networking opportunities is really good. And then also having these interactions with other students - we're probably all going to end up working together in some form or another someday. So having these connections earlier makes jobs easier."
