

Kento Hybrid[®]

digital + flexo inline

to save up to 80% in printing costs

“We are corrugated”

Powered by
CELMACCH[®]

Kento Hybrid[®] on printing runs

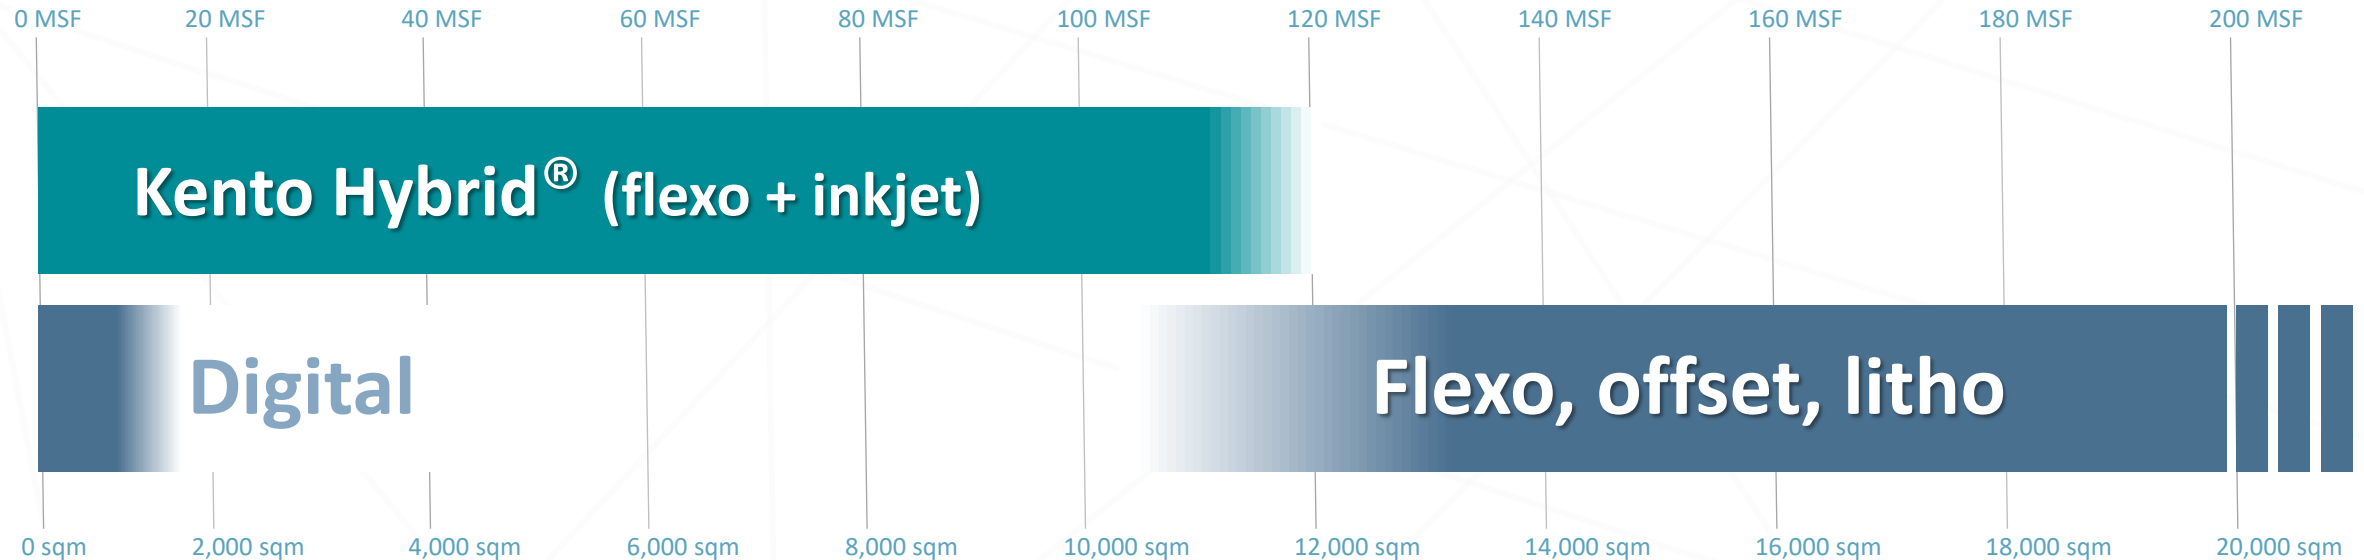

Digital

No plates, expensive ink,
short setup time.
Great for small orders

Flexo

Expensive plates, low-cost ink,
longer setup and downtime.
Great for big orders

Kento Hybrid[®] (flexo + inkjet)

Digital

Flexo, offset, litho

Kento Hybrid[®] bridges the gap

The best of both worlds, digital + flexo,
designed and built for printing on corrugated.
Unbeatable in small, mid-sized and some large orders

Kento Hybrid®: designed for corrugated
